

Workstation Signage Solutions

SignLink is a wholesale manufacturer of sign systems which includes signage solutions for the work/office space such as paper insert name plates, write on wipe off boards and poster display units. These signs can clip into the furniture making them interchangeable. The products have been developed so that they are simple to use, practical and cost effective.

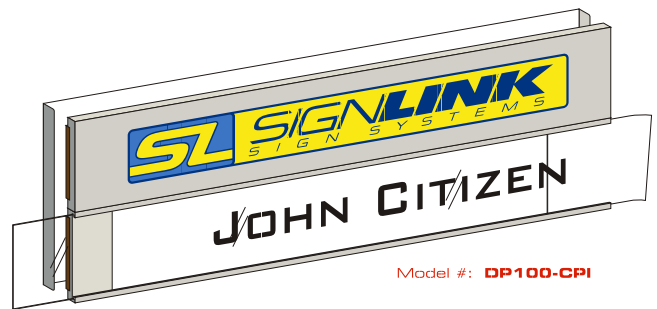

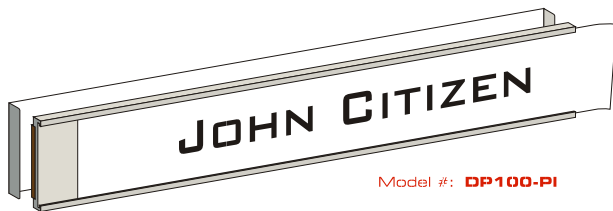

- (A) SignLink Paper Insert Name Plates/Door Plates
- (B) SignLink Poster Display Units
- (C) Signlink Write on/Wipe off Boards & Pin Boards
- (D) Workstation Paper Insert Name Plate With Mounting Bracket

Product Range

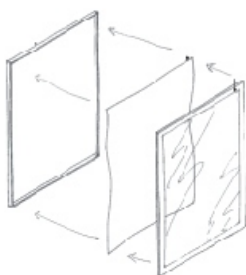

A) WORKSTATION PAPER INSERT NAMEPLATES:

These signs allow the end user to print the staff names themselves as staff changes occur. These signs are widely used in large corporate offices. The standard sizes are based around A4 paper sizes of 210 & 297.

B) POSTER DISPLAY UNITS:

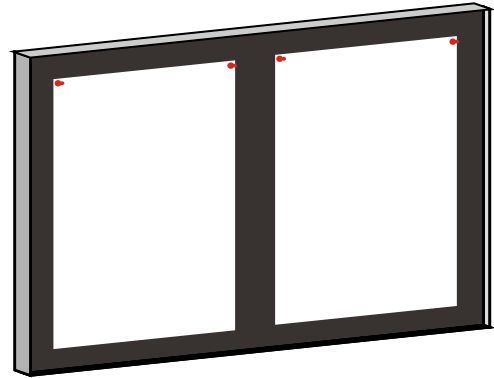

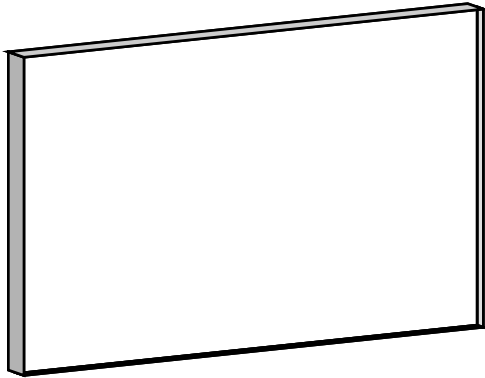

This product group includes a range of slimline models which display standard A5 & A4 sheets. These models are very useful to display in house phone lists etc

Product Range

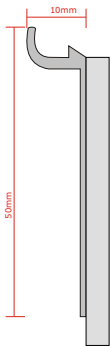

C)WRITE ON / WIPE OFF BOARDS & PIN BOARDS:

These signs are available in any size and can be made to clip into the furniture if required.

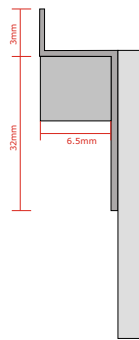

D)WORKSTATION MOUNTING BRACKET:

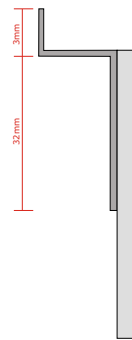

Many workstations have internal railing systems. SignLink have several brackets adapted to fit our plates and lock into your railing system..
